For many years Benoit Trocard wanted to develop the potential of a beautiful plot of Malbec planted more than 50 years ago by his grandfather Jean Trocard. Ideally located on the beautiful gravel plateau of Artigues de Lussac, this small square of vines, exclusively planted with Malbec grapes, produces a racy and deliciously spicy wine! Do not wait any longer and discover the beautiful expression of this grape variety little used in the Bordeaux region.

### TASTING BY OUR CELLAR MASTER:

The color is intense and sustained, dark red-violet.

The nose is clean and intense, characteristic of the grape variety with aromas of black fruits, complexed with agitation by aromas of spices, cloves and tobacco. Lots of freshness.

The mouth is fresh, fleshy and well balanced from the attack, with notes of black fruits. The tannins are present and well blended, there is a lot of smoothness in this wine.

End of the mouth on black fruits (redcurrant, blackcurrant) with a good length.
