The Estate and the wine

Trocard rouge has delicate and deep aromas owing to the ferruginous subsoil. After harvesting at perfect maturity and 3-4 week maceration, the wine matures 12 months in vat before bottling. Although it can be enjoyed in its prime years, this wine can be cellared 4 to 5 years.

The Tasting by our Cellar Master

Deeply red colour.

The smell is neat with black fruits aromas. Nice complexity and freshness. Inside the palate, this wine presents soft tannins and black fruits hints with a lot of sweetness. A beautiful length.
